About Me Project

You will be creating a simple “about me” website. You site will contain the following. You must ensure your repository is public so we can host this.
HTML Checklist

-A header tag and sub header

-A hero landing

-A short paragraph

-A Navigation bar(save this for last)

-At least one external link

-One Button

-At least one ordered and one unordered list

-At least One meme/image that’s school appropriate

CSS Checklist

-Custom font

-use of margin/padding

-utilizing standard measurements for units (REM, VH/VW when appropriate)

-utilize classes, ids and appropriate selectors in CSS

-Appropriate Block Element Modifier naming convention
